FOREWORD

In this volume is a complete list of all taxable property in Hoboken. The assessed value of the land, improvements (buildings) and personal property is given and the total taxes levied against each parcel. There is also a set of tables giving a reasonably clear idea of the financial condition of the City of Hoboken. To the taxpayer who is concerned not only with the fact that taxes are high but who wants to know where they are high and why they are high, these tables should be especially valuable. Personal and second class railroad property show an increased valuation of $1,011,371. $931,800. being the increase in personal property. $1,613,571. was the total amount added to the ratables in 1927.

TABLE No. 4

The table below gives a clear idea of the increase in the cost of the various units of government during the last ten years, which the Hoboken taxpayer helps to defray. Where is the greatest increase in costs occuring? In 1918, 70.8% of the total taxes raised for all purposes went to pay municipal and school costs in Hoboken and in 1927, 74.3% of the total taxes were appropriated for those purposes. The rest of the tax money was for county and state purposes. Again, in 1918 the tax rate per $1,000. of ratables for municipal and school costs was $15.58 and in 1927, $34.31, a net increase of 120%. Similarly there was an increase in the cost of county government during this period of 161%, while appropriations for state expenses rose 26%.

TABLE No. 5

Two different tax rates for Hoboken are prepared each year, although the Old Hoboken tax rate is the official rate. In 1874 the Weehawken addition north of Twelfth Street was incorporated with Old Hoboken. There still remain refunded bond issues outstanding, carrying charges incurred by the city prior to 1874. The "C" and "D" improvement bonds, refunded November 15, 1901, become due November 15, 1931. The annual sinking fund and interest charges on these bonds amount to $10,656.77, and the principal of this issue is $196,000. The O'Neil Judgment bonds were issued May 1, 1908, and become due May 1, 1938. The principal of this issue is $21,500 and the annual sinking fund and interest charges are $1,491.48. The listing of these charges against the property in Old Hoboken accounts for the two tax rates.

TABLE No. 6

A net increase of exactly 100% in the Hoboken tax rate took place between 1917 and 1926, while there was a net increase of 138% in the tax rate for local government costs, school and city. (See tables No. 4 and 5). Naturally a comparison between the tax rate in dollars and cents in 1917 and in 1927 would need readjusting to allow for the decreased buying power of the dollar. When the cost of living rose, the salaries of the city employees were increased. The table below is a cost of living index showing what the buying power of a dollar has been and is as compared to 1913. In 1915 the per capita cost for local government, School and city, was $15.54 and in 1927, $51.23. However, in 1927 the dollar used to pay for living costs was worth only $.60 as compared to the 1913 dollar. Making this adjustment, the actual per capita cost for the schools and the city government in 1927 was $30.84. Compare this with the adjusted cost in 1915 of $15.39 per capita. This shows that there has been a NET increase in the cost of local government in Hoboken during the last 12 years of $15.45 per capita or 100%.

(U. S. Department of Labor Cost of Living Index used from 1915 to 1925 and National Industrial Conference Board Index for 1925, 1926 and 1927.)

REDUCTIONS MADE IN 1926 AND 1927 SCHOOL BUDGETS.

Despite mandatory salary increases for 1926 totaling over $43,000, the Hoboken Board of Education effected a decrease in other items amounting to $48,985.00. These substantial reductions were made in the appropriations for Repairs, Text Books, Insurance, Supplies, Educational Equipment, Vocational School Costs and minor items.

Due to the fact that evening schools were not opened in 1926, the $19,500.00 required to operate these schools was not appropriated in the 1927 Budget. Although a saving of $8,745 is shown over the 1926 figures, there is an actual increase in the Budget of $9,157.56 due to the fact that State moneys have been lessened in apportionment.

The

Hoboken Chamber of Commerce

The Chamber is constantly working for the civic needs of Hoboken, such as improved roads, adequate transit, co-ordination of existing social welfare organizations and improved housing conditions.

The Chamber seeks to help industry and commerce in Hoboken by working for improved transportation facilities, more equitable freight and express rates, by guarding against discriminatory and unwise legislation, by working for improved port facilities, better markets, more adequate postal service, by furnishing statistics of every conceivable nature regarding Hoboken.

The work of the Chamber is transacted through its officers, directors, its twenty-one committees of voluntary workers, all appointed because of their special knowledge of the important work to which they are assigned.

Every citizen of Hoboken who believes in the future of this city, is cordially invited to join the Chamber and help in the unselfish effort to make Hoboken a better place in which to live and in which to do business.
